

# Introducing My Risk InboX

## A suite of compliance tools

My Risk InboX is a low-cost suite of compliance tools designed to help level the playing field for small- to mid-sized financial institutions. It includes four compliance tools developed by the AffirmX/AdvisX teams:

- Risk Watch Central
- Risk InboX Plus
- My ToolboX
- AXU

## How much does it cost?

Subscriptions run from \$19.99 to \$249.99/month, depending on the number of users at your credit union, but your league has made arrangements to cover at least a portion of the subscription costs. Check with your league representative for details.

## Risk Watch Central

Risk Watch Central is the only place where you can find the full, searchable archive of our Risk Watch video series. There are dozens of 3- to 5-minute videos covering everything from ACH to UDAAP *in plain English*. What's more, we're adding new content weekly.

## Risk InboX Plus

Risk InboX Plus is a deluxe version of our popular website, Risk InboX. It features the same great daily digests of the most relevant developments in compliance and risk-related topics, but opens up to you the entire archive of thousands of items through handy search tools that are much more concise than a Google search.

## My ToolboX

My ToolboX is an ever-growing collection of helpful compliance tools, like self-assessments, training calendars and more. Each tool comes with a how-to video that shows you how to get the most out of it.

## AXU

AXU is an online training program featuring compliance courses taught by AffirmX's subject matter experts. Courses typically consist of one, two or three one-hour lessons, depending on the complexity of the subject. My Risk InboX subscribers receive one course free per month, plus a substantial discount on credits to all courses in the AXU library.
